PHARMACEUTICAL PILGRIMS

Who Disregard the Advice of All Maligners, and Visit New Mexico.

A special train of Pullman cars, having on board the excurting members of the American Pharmaceutical Association, that has been holding its annual convention in Kansas City, arrived in Las Vegas Sunday evening at 6 o'clock. Owing to the bad condition of the track south of here, it was decided to hold over the train in this city till an early hour yesterday, when the excursion train left for Santa Fe. The present programme is to spend the day in the ancient city, and return to Vegas, reaching here at 8 o'clock this morning.

The party has enjoyed itself hugely, and all were highly delighted with the trip. This is a source of great gratification, because the majority of the excursionists had come to New Mexico satisfied to see little on the way out, less when they reached the Territory, and the whole trip barren of much of interest and enjoyment. As announced some time ago, it was expected that the fully four hundred would be of the party, but a multiplicity of things, notably the misrepresentations of agents of the Pacific Railway, disgusted many, and kept several hundred from visiting New Mexico at this time. After the convention had convened it was reported that the A. T. & S. F. road was in horrible shape, and in an unsafe condition. It was represented further, that were the members of the Association to visit New Mexico, they stood little chance of getting back without long delays. Some of the yarns told were simply grotesque. It was represented that this section was without interest, the country wild, the scenery uninteresting and the alkali so thick that clothes would be ruined and eyes injured.

These slanders were instigated by the Kansas Pacific branch of the Union Pacific Railway, the officers of which company were anxious to induce the convention to take its junketing tour over its line to Colorado points. They undertook to gull one man by saying that if he came to New Mexico the alkali would get into his hair, and cause him to lose one-half his shock.

"But in spite of all temptations" 130 members elected to visit New Mexico, while only thirty-four left for Colorado. The trains over the Kansas Pacific and Santa Fe reached Lawrence about the same time, and the A. T. & S. F. sent the band that they had engaged to serenade the members of the association on the K. P. train.

The excursion train left Kansas City at 11 a. m., Friday. On reaching Lawrence they were met by a delegation of citizens, who took the excursionists about the city in carriages and visited the State University. After a stop of three hours the train went on to Topeka. In the evening two companies of the Kansas Cadets paraded. Tom Anderson, the Modoc chief, and his band, serenaded the party, and Tom made one of his characteristic speeches, humorously setting forth the dangers and tribulations that lay in the path of the pilgrims to New Mexico. Just before the train left (shortly after midnight), the party gathered at the depot and organized under the name of the Santa Fe Pharmaceutical Association, with the following officers:

President, Robert J. Brown, of Leavenworth, President of the Kansas State Association.

Vice-President, W. J. M. Gordon, of Cincinnati.

Secretary, C. B. Allaire, of Peoria, Ill.

Special Artist, C. H. Clark, of Ottawa, Kas.

There were loud calls for speeches, and citizens of the prohibition State made a sad spectacle of the commonwealth by rolling out a beer keg for a rostrum. All the officers accepted their positions by making terse and appropriate speeches. At Dodge City Mr. Gryndon welcomed the excursionists on behalf of the people and expressed the regret that they had not had longer notice else they would have had some substantial awaiting them.

The following named gentlemen compose the party:

A Golden Present

The employees in the machine shops yesterday showed their appreciation of Master Mechanic Allen by presenting him with a magnificent gold watch and chain. The watch is of the W. B. Raymond pattern, with all the latest improvements, and cost the sum of \$225. The following inscription is written on the back of the inside case:

Presented to our esteemed Master Mechanic, W. T. Allen, by the employees of the Las Vegas shops, August 29th, 1881.

The Academy.

The regular term of the Academy will commence next Monday, Sept. 5. All those intending to send their children this term should see to it that they are on hand the first day, as a full attendance will greatly aid Prof. Ashley and his assistant teacher in arranging their classes. Riedinger Bros., proprietors of the Las Vegas Beer Garden, on Railroad avenue, are doing a good business. They keep everything in the best of order and are deserving of the large trade they are getting.

Mr. Kihlberg has received three proposals for repairing the bridge over the river. R. R. Thornton bid \$630; W. G. Ward, \$450; J. H. Harris, \$375. This includes rippapping the piers. The bridge will be a suspension bridge built on three piers. There will be one forty-foot span.

A little five-year-old son of Mr. Walters, the freighter, met with a terrible accident Sunday afternoon. Mr. Walters freights to the Nogals. He had his wagons loaded and his family were riding on top of one wagon. Near Mr. Hay's ranch the little boy fell off, both wheels passing over the lower part of his head, mashing his under jaw. Strange to say the boy was not killed, was brought to town and bids fair to recover.

M. S. Hart, superintendent of the gas works, wishes through the GAZETTE to ask the public in driving across the river bridge to drive on a walk, as it shakes the gas pipe, which is run across it temporarily, and makes it difficult to keep the gas up for night. Mr. Hart also informs us he has now a lot of gas main to be laid in the principal streets of both the East and West side. The pipe for carrying it across the bridge has been shipped, and he will commence next week to set up the lamp posts.
